Welcome to  
Zamorin's Land

**Dear Colleague,**

Warm Greetings from Kozhikode – the land blessed with bounty !

We are proud to host another conference – the prestigious **MIDDERMACON for the year 2023 on 15 th, 16th and 17 th of September 2023.**

Team Malabar has had a legacy of conferencing in dermatology, setting benchmarks in all spheres. This “pursuit of excellence” gives us the confidence to orchestrate yet another academic extravaganza. The canvas is big and the sky is the limit for learning.

For the academically inclined we have a spread that is as tasty as the Kozhikkoden menu. It has been curated with care. The flavor of the conference is "Rediscover the Joy of Clinical Dermatology".Its forms the core of the conference. Aesthetic and surgical dermatology take its rightful place as the "cherry on the top". We have an enviable star cast of faculties who are all geared up to deliver the best lectures and scientific deliberations. Workshops are crafted to cater to daily practice in a meaningful way. There is something for everyone-the post graduate yearning for knowledge, the neo-practitioner looking for the finishing school and the eager practitioner who wishes to get the finer touches. The elite maestros of clinical knowledge will be serving their academic cuisine with delight and flair.

Kozhikode, as a port city, is at the heart of Malabar and has been interacting with the world for several ages. A mix of cultures dominates the social landscape and a warmth of the heart defines its core. Endowed with nature’s bounty, it provides ample opportunities to escape into the lap of nature at will –dance with seas at the Kozhikode beach or merge into history at Beypore or Kapad .You can listen to the gush of the rich waterfalls at Thusharagiri , Anakkampoyil or escape into a scenic hill station – Wayanad. Experience the heritage sites of worship – the Thali temple, the Mishkal Masjid, the Mother of God cathedral or the Parsi temple. Shop for spices, trinkets and memorabilia from the heritage streets of Kozhikode.

You will take home memories more than what you came in for.

Happy Conferencing !!
